Race Hemi Tube Assembly

1. Cut the tubes to desired length using fine tooth saw.
2. Install the tube onto the wire, place cap on the end and twist to lock.
3. Slide the lower half of the handle down the wire.
4. Insert the alignment key on the hand in the slot on the tube and secure with screws.

Contents

8 Tubes
8 Caps
8 Handles (2 pcs)
16 Screws #4 x 1/2"

IS065
